VALE OF BERKELEY RAILWAY CHARITABLE TRUST

Trustees' Interim Report and Accounts

For the financial year ending Sept 2024

Trustees' Report

The Trustees present their report and accounts for the year ended 30 September 2024

Principal activities

The Trust's principal activity during the year was working towards the restoration of the Berkeley branch line as a heritage railway and railway centre

At present the work is concentrated at the Oldminster Sidings where the VOBR is establishing a railway engineering facility

Establishment of Trust

On 10th January 2018, the Vale of Berkeley Railway Charitable Trust became a registered charity. It was decided by the VOBR Company Ltd that all assets & liabilities would now be transferred from the company to the VOBR CT. The balance of £16,681 was transferred from the Company bank account on 31/07/18 and the account closed.

Locomotive and rolling stock restoration has continued at the shed throughout this year. At Oldminster sidings the security fencing round the perimiter continued as did some of the preparations to site containers to house the equipment from the engine shed. Several containers are now sited. Planning is now progressing behind the scenes for the development. Much effort went into the Sharpness 150 events. Fundraising continues.

The Total Income for this financial year has been £58,105. Last Year it was £39,132. There has also been an increase of asset values of £41,000.

The Gift Aid recovered in the year is £6,444,

The scrap metal income is £3,269 which is down on last year reflecting the decrease in scrap metal prices.

Total Expenses for this financial year are £72,345. Some of this is for the surveys to obtain planning consent. Some spent on Oldminster sidings, the rent is most of the rest

Signed by Trustees of VOBR

Frank Wooldridge
